Subject: ND State Land Dept. Info - Recent AFEs received by the Land Department

The Land Department has received two invitations to participate in wells that are currently being drilled by American Oil and Gas in Williams County, North Dakota. In both cases, the state owns minerals that will be offered for sale at our August lease sale in Medora. American will give the successful lessees 30 days from the date of the lease sale to sign and return a copy of the AFEs for these wells.

The first offer/AFE is for the Hodenfield 15-7H well, which is located in T157N-R97W, Sec. 6 & 7. The spacing unit for this well includes lease numbers 10-03209 and 10-03210. [Click here](#) for a link to this invitation/AFE.

The second offer/AFE is for the Hodenfield 15-33H well, which is located in T157N-R97W, Sec. 28 & 33. The spacing unit for this well includes lease number 10-03211. [Click here](#) for a link to this invitation/AFE.

Jeff Engleson, CPA
Acting Land Commissioner
