Subject: ND State Land Dept. Info - AFE for Megamouth 1-8H well
Attachments: 3310_001.pdf

We have now received confirmation from Newfield that they have drilled the Magamouth 1-8H well in McKenzie County, T150N-R98W, Section 8, and that the successful bidder at Tuesday's auction in Medora will have 30 days from in which to respond to an invitation to participate from Newfield. See attachment for a copy of Newfield's letter.

Leases 10-02960 and 10-02961 cover the state's 40 net mineral acres in the 640 acre spacing unit for this well, and represent a 6.25% working interest.

See you Tuesday,

Jeff Engleson, CPA
Acting Land Commissioner
ND State Land Department
701-328-2800
jengleso@nd.gov

The information contained in this email is not intended to convey all the circumstances surrounding this mineral interest and further research may be necessary.
