**Subject:** ND State Land Dept. Info - State Mineral Lease Sale - May 2011

The date for the Land Department's second 2011 mineral lease sale is rapidly approaching and the preliminary list of tracts available for lease is quite diverse, offering 62,000+ acres in 20 different counties.

Please note the date for the May sale is set for WEDNESDAY, May 4 in order to coincide with the Williston Basin Petroleum Conference in Regina which runs May 1-3. In addition, the location of the sale has been moved from Bismarck to Williston and will be held at the Airport International Inn at 9:00 AM CT. Our Williston hosts have blocked hotel rooms to accommodate sale goers, and are busy organizing events to complement the auction. Please visit the following website for hotel contact information and a tentative schedule of events:
