Subject: ND State Land Dept. Info - OIL AND GAS LEASE SALE LOCATION - 4:30 PM Update (5-02-11)

Williston officials confirm that if power is restored to their community this evening as anticipated by the electric utility, that they WILL be able to host the North Dakota State Land Department Mineral sale as scheduled at the Airport International Inn at 9:00 AM on May 4.

Reserved hotel rooms will be ready and the airport will open as soon as it has electricity. There may be limited availability of gasoline and some restaurants may have reduced menus as a result of the three-day outage, so please plan accordingly.

Linda Fisher
