Subject: ND Department of Trust Lands - November 1 Sale Information

The ND Department of Trust Lands will host its quarterly oil and gas lease auction on Tuesday November 1, 2011, 9:00 AM CT at North Dakota State Capitol House Chambers, Bismarck, North Dakota. 5020.80 mineral acres in 6 western North Dakota counties will be available for bidding. For a complete list of tracts to be auctioned, visit our website at <http://www.land.nd.gov/minerals/201111SaleList.pdf>. (The website also carries the list in an Excel format.)

Please note: Lease #11-01118 covering 144-94-10 SW4 has been removed from this sale. The tract will, however, be made available via an on-line auction format. A due diligence period will begin on November 8, 2011 and continue until the beginning of the sale. EnergyNet, Inc. will offer this tract for a one-week bidding period which shall commence December 2, 2011 and close between 3:00 and 3:15 PM CST on December 8, 2011. An AFE will be provided to the winning bidder and they will have the option to participate.

This format was used for the potash lease in May 2011 and The Department of Trust Lands are expanding this service for selected oil and gas interests. Also available are two 160 acre tracts located in NE4 of Section 17-T2-R32 Meridian 1 and NW4 of Section 17-T2-R32 Meridian 1, Mount Pleasant Municipality, Saskatchewan, Canada.
