Subject: ND Dept. of Trust Lands Info - May 1, 2012 Mineral Lease Auction Updates
Date: Monday, April 30, 2012 2:41:55 PM

On Friday, April 27, 2012 an e-mail went out detailing changes that had been made to the original list of offerings for the Land Board's mineral lease auction to be held May 1, 2012.

A completely updated list and the corresponding spreadsheet is now available at <http://www.land.nd.gov/minerals/oilandgasleasing.aspx>.

Remember to have electronic devices fully charged prior to arriving at the auction location, as there will be limited access to wall outlets. The list of offerings is not extensive and the expectation is to have everything wrapped up before lunch. For those of you planning to utilize wireless internet connections during the auction, that service is generally available but is not guaranteed.
